

# Lee Mental Health receives \$30,000 donation

The Cape Coral Community Foundation handed over a check for \$30,000 Thursday to Lee Mental Health for the purposes of bringing their services to Cape Coral.

The \$30,000 grant is the largest the foundation has administered to any one organization to date.

The check presentation was held at the Hampton Inn on S.E. 47th Terrace.

David Winters and Michael McNally of Lee Mental Health said they expect to start operating out of Cape Coral within the next two months. They said they would be operating out of the United Way Reserve House on Cultural Park Boulevard.

Winters said they will start with one mental health counselor and expand as the need grows.
